OF HIS HIGHNESS THE MAHARAJA OF MYSORE
LAW DEPARTMENT BANGALORE

SIR

I have the honour to state that the appointment of Statistical clerk on Rs 25/- per month in the Health Section of this Municipality was sanctioned temporarily for one year (during 1936-37) in G O No L 2024-5/ 11 12-36-17 dated 11-9-1936 Since then, this appointment is being continued year after year with the sanction of Government The Health Officer submitted a report pointing out the importance of the work entrusted to this clerk and the necessity of treating this post as a permanent one The matter, having been considered by the Municipal Council they have, at their meeting held on 11-11-1944, approved of the recommendation of the Health Officer

A copy of the Health Officer's report No H2-40/43 dated 24-4-1944, together with a copy of the Council resolution dated 11-11-1944 is herewith forwarded for favour of obtaining the sanction of Government to treat the post of the statistical clerk in the Health Section of this Municipality as a permanent one on Rs 25/-1-30-1-40 as in the case of the other clerks in this Municipality

I have the honour to be
Sir,
Your most obedient servant

Municipal Commissioner I/C

Forwarded with compliments

Honorary President

Health Officer's report o 2-40/43 dated 24th April 1944 submitted to the Municipal Commissioner Bangalore City Municipality

---

The presence of a statistical Clerk, in the Health Department is an absolute necessity has to collect figures from different branches of the Health Department such as births, deaths, infant mortality, maternal mortality, morbidity and mortality figures of epidemic diseases like plague, small-pox, cholera etc , prosectuions launched under various sections either by the Sanitary Police or by the Departmental officers and has to compile all these figures for the preparation of weekly, fortnightly, monthly, quarterly and annual reports (calendar and official)

The figures are used for the preperation of periodical reports as noted above Apart from this, the real health work lies in studying these figures after they are properly arranged and classified by the Clerk to find out several diseases prevailing in the City that are responsible for the high morbidity and mortality and to take such measures as would improve the situation

Urless there is a specially trained and competent hand working in this Department as a Statistical clerk on a permanent basis, this important and vital aspect of the question pertaining to the Health of the public would be completely overlooked and the very idea of collecting facts and figures from var ous sources would serve no useful purpose

Hence, it is absolutely necessary in the interest of the health of the public that the post of a Statistical clerk should be made permanent
